
Vigeo Eiris continues its international development and opens an office in Stockholm

Kristina Svanteson becomes Head of Scandinavian Market

Following the opening of our new offices in Chile in 2014, in Canada in 2015, and following the merger with our British colleagues Eiris in 2015, Vigeo Eiris now targets the Scandinavian market and opens an office in Stockholm.

Thanks to its long-standing experience working alongside some of the most committed and demanding players in responsible investment, Vigeo Eiris has built a strong reputation for the rigor and depth of its ESG research, which is focused on sustainable performance and risk management specific to each sector.

Nicole Notat, President of Vigeo Eiris declares: «Scandinavia is historically one of the most mature markets in terms of responsible investment. Our new local presence will reinforce relations with local clients and accelerate our development in this market».

Kristina Svanteson took charge of the new office in April 2017, becoming Head of Scandinavian Market. She is based in Stockholm.

Holder of a Master's degree in Political Science from Uppsala University (Sweden), Kristina has been working within Vigeo Eiris for more than nine years, holding various positions in Vigeo Eiris Rating Department (senior analyst, project manager and team leader).
