RANKING METHODOLOGY

Vigeo Eiris assesses and rates the performances of companies according the Equitics® methodology based on 38 criteria, divided in to six key areas of corporate environmental, social and governance responsibility, namely:

Environment: Protection, safeguard, prevention of attacks on the environment, implementation of an adequate managerial strategy, ecodesign, protection of biodiversity and reasonable control of environmental impacts on the overall life cycle of products and services.

Human Rights: Respect of trade unions' freedom and promotion of collective negotiation, nondiscrimination and promotion of equality, eradication of banned working practices, and prevention of inhumane or humiliating treatments.

Human Resources: Constant improvement of industrial relations, career development, as well as quality of working conditions.

Community Involvement : Contribution to economic and social development of the territories of establishment and their human communities, concrete commitment in favor of the control of societal impacts of products and services, transparent and participative contribution to causes of general interest.

Business Behaviour: Taking into account clients' rights and interests, integration of social and environmental standards both in the process of selection of suppliers and in the overall supplying chain, efficient prevention of corruption, and respect of competition laws.

Corporate Governance : Efficiency and integrity, insurance of both independence and effectiveness of the Board of Directors, effectiveness and efficiency of audit and control systems, and in particular inclusion of social responsibility risks, respect of shareholders' rights and most of all of the minorities, transparency and moderation in executive remuneration.

Two filters are applied to determine the new indices' constituents. Companies are excluded if:

- their level of commitment is insufficient with regard to their overall score or their score in one of six key areas reviewed by Vigeo Eiris.
- they are subject to recurrent and critical controversies to which they failed to provide visible evidence of corrective measures or to engage with stakeholders. Companies are also excluded if they were subject to monitoring alert from Vigeo Eiris due to a recent critical controversy.
